About me

Hey! My name is Amadeusz and I am a graphic designer. My journey with graphic began many years ago and from 5 years I'm doing it professionally. In 2018 I've finished Polish-Japanese Academy of Information Technology obtaining bachelor's degree.

In my work I am trying to combine inspiration from many sources. Always caring for details, trying to reach maximum possible level of design. Currently I'm mostly focused on user interface and their behavior analyse.
